
Press Release – 25th November 2003

Introducing Avon's AM41 fat-arse fronts.

AM41 Venom-X cross-ply 120/70 H21 and AM41 Venom-R radial 120/70 R19. Extremely capable, fat, low profile front tyres designed to compliment the excellent AM42 Venom-R rears in fat 200/55 R18 and super-fat 250/40 HR18 sizes. These tyres will work brilliantly on your custom Harley and feature:

- Special low-noise tread patterns
- Great cornering stability
- Progressive turn-in
- Low rolling-resistance design for long life.

These front tyres suit 3.00 – 3.75 inch rims and will give your custom bike that fat-arsed front end needed to compliment a fat-arsed rear. Caution: Do not use radial front tyres with cross-ply rears.
