## Press Release – 4<sup>th</sup> May 2004

---

**Ventura** is proud to release individually designed, top quality Bike-Pack System kits and Light Guards for some of the latest bikes available.

Ventura's Bike-Pack System kits are designed to maintain your bike's handling while giving you excellent load carrying capacity. They also offer a range of configurations including grab handles and sports racks. The bags are available in several sizes, have numerous handy features, and are made from super tough Kodra material. The Light Guards are made from high impact resistant Zykalon CS<sup>™</sup> material and will protect your expensive headlights.
